Camp San Dionisio by Panterra – Glamping Accommodations

We offer 4m – 6m spacious glamping tents. The tents comfortably host 2–3 guests with 2–3 beds and memory-foam mattresses on bed frames. Each tent includes floor coverings, fresh linens, cozy bedding, pillows, and towels. Solar lighting adds a warm glow, and limited Wi-Fi is available for a small donation.

The Organic Ranch – Meals, Snacks, Beverages and Life on the Ranch

Meals, snacks, and drinks are freshly prepared on-site, using ingredients raised on the ranch and grown in the abundant organic gardens. You're welcome to join Rogelio—the beating heart of this land—in gathering what's needed for the next meal. Beverages begin with water drawn from the well, infused with fresh herbs and fruits picked just steps away. Over 300 fruit trees and thriving vegetable gardens, sustainability here isn't a trend—it's an inherited rhythm of life, rooted in generations of living close to the earth.

Reaching the ranch can be challenging. Roads are rough and may be washed out during the rainy season, so if you lack light off-road driving experience, we recommend arranging hired transportation. Once here, life slows to a gentle rhythm. The energy is laid-back and tranquil, with the whispers of the mountains, winding nature trails, the río, and gardens brimming with fruits and vegetables. Common areas include three outdoor dining spaces—two shaded by palapas—plus open-air cooking facilities, and bathrooms and showers with running water. The experience is raw, culturally rooted, and humbly authentic.

It's not about the destination, it's about where you are in the living moment!
